

Statement from Steve Cramer, president & ceo of the mpls downtown council in response to outcome of City of Minneapolis Question 2 amendment:

“The voters have spoken, and the result on the public safety charter amendment provides an opportunity for our community to unite around a vision of public safety for all in Minneapolis. Together, we will move forward to build back the MPD as a more trusted and effective partner in our community and continue to support complementary safety programs that enhance the work of law enforcement.

After 18 challenging months, this is an important inflection point. The business community will roll up our sleeves and do the hard work together with our elected leaders, residents, and stakeholders to move Minneapolis into a bright future.”
